- Late fees charges will apply for fees not received by the 5th of the month
- Late fees will be charged for sessions after 6.30pm not advised in advance

Stretched Funding

- The funding offered and advertised by the government is for Term Time Only weeks – which is 38. Therefore, the advertised 30 hours funding per week is only for the 38 term weeks
- As Echoes is open 51 weeks of the year we take the total hours per year offered by the government and split them over the 51 weeks of the year.
- This means that you get the total government funding but equally spread over the 51 weeks we are open

- The Department of Education set the number of hours that can be claimed based on the number of days per week, please refer to the Funding Allocation section below.

Funding Allocation

- To assist parents in understanding how their funded hours will be applied please see the tables below.
- The table shows how many hours funding is available per week based on the number of days your child attends Echoes. It then shows how much of the weekly funding is applied to each of the days they attend. This grid assumes that Echoes is the only setting and all funded hours are allocated to Echoes.
- It is the parents' responsibility to notify Echoes if their child attends another setting and how much funding is to be used at each setting.

Funding allocation by day						
No of Days	Weekly Funded Hours	Funding applied Day 1	Funding applied Day 2	Funding applied Day 3	Funding applied Day 4	Funding applied Day 5
1	10	10 hours				
2	20	10 hours	10 hours

5	22	10 hours	10 hours	2 hours	0 hours	0 hours

Tax Free Childcare

Did you know that the government offers tax free childcare to eligible families in addition to the funding schemes and that Echoes Childcare is registered to receive payments from the government's Tax Free Childcare Scheme.

You can apply for Tax Free Childcare even if your child receives funding.

What does that mean?

It could mean the government pays you up to **£2,000** per child per year for use against your childcare costs.

How does it work?

You pay money into a Tax-Free childcare account and for every **£8** you pay in, the government will automatically add **£2**, up to **£2,000** per child per year (or £4,000 for disabled children).

This money can be used to pay your childcare provider directly. You will have **apply** as we can't do that for you but we do accept payments from tax-free child care accounts.

Echoes Childcare Tax Free Childcare Carer ID

When searching for Echoes Childcare on the Tax-Free Childcare site **both** our Broadclyst and Winslade Nurseries are processed under Echoes Childcare, Signal House, Old Broadclyst Station, Station Road, Exeter, Devon, EX5 3AS

Below is an example of the calculation of how much to deposit in the Tax Free Childcare account

If your Echoes monthly fees are £100

- $£100 * 0.80 = £80.00$ this is the amount you deposit in the scheme
- $£100 * 0.20 = £20.00$ this is the amount the government will automatically top up (up to £500 per 3 months)

Therefore, there will be £100 in your Tax Free Childcare account to pay our £100 fees but you have only had to pay in £80.00.

Parents need to ensure that payments to Echoes Childcare are successful from the Tax Free Childcare account as bank holidays / weekends / insufficient funds can mean payments are not made.
